WARRANTY POLICY

IMPORTANT INFORMATION. READ BEFORE USING ALPHAFIT CLIMBING ROPE

PRODUCT CARE

- Upon receipt of product, check for any manufacturer's defects prior to first use. If any are found, do not use and contact AlphaFit immediately.
- Store in a clean and dry environment. Climbing Rope should not be left outside in the elements. If wet or moist, allow to dry completely before storing. Never leave ropes wet as this will cause the natural fibre to rot.
- Inspect the Climbing Rope for damage before each use. Discontinue use if damage is evident. Crash mats must be used underneath ropes as a safety precaution.
- To optimise lifespan, do not store rope slung over any sharp or abrasive edges. Not suitable for outdoor use.

- The warranty does not cover normal wear and tear or cosmetic damage.
- The warranty does not cover negligent and improper use, alteration, mishandling, poor maintenance or incorrect storage.
